Option No. 1 – Amphitheater

This is a lovely outdoor setting with a seating capacity for approximately 450 guests. Seating on the sloping hillside affords guests an excellent view of the ceremony. You provide as little or as much decorations as you wish to make this the day of your dreams.

Length of daylight hours and outside temperature must be taken into consideration. Weddings in the Amphitheater may take place between the hours of 9:00 am and 9:00 pm – weather permitting.

Option No. 2 – Historic Meetinghouse

This house of worship was built in 1741. Normal seating capacity using the existing pews would be for 80 guests. With the use of folding chairs the seating capacity can be increased to accommodate 125 guests. This venue is available after 6:00 pm for ceremonies and rehearsals. Weddings may be held in the meetinghouse year round.
